

# Create a Progress Monitoring Report

## Riverside Score™ Quick Guide

The Progress Monitoring Report is available for *WMLS III* users.

**IMPORTANT:** Report options depend on the products available to you as well as the selections you make as you create your report. For more information see [online help](#).

### To create a Progress Monitoring report:

- 1 In the *Riverside Score* header, move the pointer over the **Reports** tab to display your options and click **Create Report**. The **Create Report** page appears with two fields, **Product** and **Report Type**. The **Product** field is populated with **WMLS III** automatically.
- 2 From the **Report Type** menu, select **Progress Monitoring Report**. The page refreshes with filters relevant to the **Progress Monitoring Report** for your product.

### Create Report

**Note:** To assess progress, the examinee must have at least two administrations of the same language selected that are at least 90 days apart.

- 5 The default for **Normative Basis** is **Age**. To generate a report based on grades, you must ensure a grade was entered for selected test records.

**Note:** The report cannot be generated with grade norms if *all* test records selected do not contain a grade placement. Generate the report based on **Age Norms** or go back and insert grade on all selected test records.

**Normative Basis \***

Age

Age

Grade (K.0 – 12.9)

2-Year College (13.0 – 14.9)

4-Year College/University (13.0 – 17.9)

**In order to select grade norms, the test records selected must include a grade placement.**
